Mandatory Continuing Education (Rule III G)

- 30 hours of Board approved continuing education during the 2 years preceding the next renewal period. Continuing education hours may only be applied to the renewal period in which they were completed.
 - If a license is issued within 1 year of a renewal date, no continuing education will be required for that first renewal period. If a license is issued outside of 1 year of a renewal date, then 15 hours of Board approved continuing education will be required for that first renewal period.
- At least 16 of the required 30 hours must be clinical or science based.
- At least 50% of the required 30 hours must be live and interactive. (This includes in-person CE or LIVE webinars. Pre-recorded webinars are excluded from this requirement.)
- Current Basic Life Support (BLS) for healthcare providers is required and all licensees will receive a maximum of 2 hours continuing education credit per renewal cycle for completing.
 - BLS training courses shall be consistent with the most current science and treatment recommendations from the International Liaison Committee on Resuscitation (ILCOR), Consensus on Science and Treatment Recommendations (CoSTR), and the American Heart Association Guidelines for CPR and Emergency Cardiovascular Care (ECC).
 - Initial training shall include a minimum of three (3) hours of training, including skills practice and skills testing.
 - Renewal courses shall include a minimum of two (2) hours of training, including skills practice and testing.
- Accepted CE courses for dental hygienists are those sponsored or recognized by:
 - American Dental Association (ADA) Continuing Education Recognition Program (CERP),
 - Commission for Continuing Education Provider Recognition,
 - Academy of General Dentistry (AGD) Program Approval for Continuing Education (PACE),
 - American Medical Association (AMA) Physician Recognition Award (PRA) and credit system as Category 1 Credit, or
 - Commission on Dental Accreditation (CODA) accredited institutions.
 - The American Dental Hygienists' Association (ADHA) and its constituents and component societies, or
 - Local, state, regional, national, or international dental, dental hygiene, dental assisting, medical related professional organization, or study group that have a sound scientific basis, proven efficacy, and ensure public safety.
- A presenter of a course may submit the course hours he or she presented, up to 6 total credits, towards his or her continuing education requirement. The course presented may only be counted once.
- Licensees may be subject to an audit to verify compliance at the conclusion of each renewal period and shall assist the Board in its audit by providing timely and complete responses to the Board's inquiries. Proof of hours will be requested on a random audit basis only.
- A licensee must maintain copies of all completed Board approved coursework, including any certificates of completion, for at least 2 renewal periods after the continuing education was completed. The records shall document the licensee's course attendance and participation, and shall include at a minimum course sponsor, title, date(s), hours, and the course verification of completion certificate or form.

Limited Prescriptive Authority for Dental Hygienists (Rule XIII)

- A dental hygienist without supervision of a dentist may prescribe, administer, and dispense fluoride, fluoride varnish, antimicrobial solutions for mouth rinsing, and other nonsystemic antimicrobial agents
- Dental hygienist must do so in collaboration with a licensed dentist
- Dental hygienists will prescribe under their National Provider Identifier (NPI) number, not a DEA number
- All dental hygienists will need to obtain an NPI number from the Centers for Medicare & Medicaid Services (CMS)
- Effective date 3/30/2015

Use of Lasers (Rule XXIV)

- Only a dentist may use a laser capable of the removal of hard and soft tissue in the treatment of a dental patient.
- Laser use by a dental hygienist can only be performed under the indirect or direct supervision of a dentist and must be within the dental hygiene scope of practice.
- A licensee who is a laser user or supervises a laser user must first successfully complete training that covers a minimum of eight (8) hours of laser physics, safety, and appropriate use, to include a hands on component, prior to utilizing the laser.
 - Training must be obtained through a course provided or recognized by any of the following organizations (or a successor organization):
 - A Commission on Dental Accreditation (CODA) accredited institution;
 - The American Dental Association (ADA) Continuing Education Recognition Program (CERP);
 - The Academy of General Dentistry (AGD) Program Approval for Continuing Education (PACE); or
 - The American Medical Association (AMA).
 - A licensee utilizing a laser, other than what is described in section A of this rule, must maintain evidence of training as required in section D(1) of this rule. Upon request of the Board, the licensee must submit evidence of such training.
 - A licensee must also complete live and interactive training that addresses operation of the specific laser(s) utilized in the practice.
- All lasers must be used in accordance with accepted safety guidelines.
- When utilizing a laser pursuant to this rule, at a minimum, the following must be documented in the patient's record:
 - Type of laser, including wavelength;
 - Settings used (pulse or continuous wave, power setting);
 - Size of fiber, tip, or aperture of tip; and
 - Procedure performed with details to include hard and/or soft tissue removal.

Licensing Changes (Rule III)

- All applicants and licensees are required to have current Basic Life Support (BLS) for healthcare providers.
- If a dental hygienist has a long-term (more than 90 days) physical illness/ condition, or a debilitating mental illness/condition that renders the licensee unable to practice dentistry or dental hygiene with reasonable skill and safety to patients, the licensee shall notify the Board of the illness or condition within 30 days and submit, within 60 days, a letter from his/her treating medical or mental health provider describing the condition(s), the impact on ability to practice safely, and applicable limitations to practice.
- A licensee shall inform the Board of name or address change within 30 days of the change. The Board will not change the licensee's information without explicit written notification from the licensee. Notification by fax or email is acceptable.
- A licensed dental hygienist or an academic dentist is required to renew his or her license every 2 years and submit the applicable fee. This includes renewing to an active, inactive, or retired status.
- Military Spouses:
 - A person need not obtain authority to practice dental hygiene during the person's first year of residence in Colorado if:
 - The person is a military spouse, as defined in section 12-71-103(3), C.R.S., who is authorized to practice that occupation or profession in another state;
 - Other than the person's lack of licensure, registration, or certification in Colorado, there is no basis to disqualify the person under Title 12 of the Colorado Revised Statutes; and
 - The person consents as a condition of practicing dentistry or dental hygiene in Colorado, to be subject to the jurisdiction and disciplinary authority of the Board.
 - To continue practicing dentistry or dental hygiene in Colorado after the person's first year of residence, the person must apply for licensure in accordance with all licensing laws and requirements in effect at the time of the application, including, but not limited to, the Dental Practice Law, this Board Rule III, and current clinical competency requirements.
